SERIOUS RAILROAD ACCIDENT.

A Primenger Unit Started Over an Embankment and Set Fire To.

(From the Dibuque Times, Dec. 24.)

Tuesday night's eastern bound train on the Sioux City road, conductor Chris. Doherty, comprised of a baggage car, two passenger and five laden freight cars, met with quite an accident about half-past three o'clock A. M. one and a half miles this side of Farley, resulting from a broken rail. The engineer lett it as the locomotive passed over it, and a moment after the rear passenger car was rolling over an embankment forty feet high. Fortunately the growth of young timber checked the violence of the fall, or great loss of life must have ensued. So great was the force with which the car was thrown from the train that it carried away the rear pistform of the car which preceded it. Both ends of the car thrown of were a perfect wreck, and the scene within it beggars description. There were, it is said, some thirty 24sengers in it at the time of the accident, and the cassizing of the car threw them over and among each other with a confusion better imagined than described. The stove was hurled from its place and one man thrown upon it, burning him geverely, and another had the misortune to have it rolled on top of him, bruising but not burning his person. As soon as the passengers and attaches of the train could hasten to the rescue they did, expecting to find the dead and dying on every hand, and were surprisingly glad to find not one was even dangerous injured. The car was fired by the stove, and the report current is that it was totally consumed after the leaving of the train. We have gathered part of the names of those who were on the unfortunate car, noting with each their injuries:—J. M. Hart, Elm Springs, Butter county, arm burned; C. J. Reed, special reporter of this paper, face badly cut and body contused; James West, Chicago, cut on the head; a lady, name not given, face and person cut; while the following were more or less cut or bruised:—Daniel B. Klapp and children, H. Ehlen, F. Tu

Suits Against the Pacific Mail Company.—
A San Francisco paper of the 7th inst. says that suits were entered on the previous day against the Pacific Mail Company for landing 4,924 Chinese passengers, for whom the company refuse to either give bonds to protect the people of the State from their support or commute for, as the law directs. The whole amount sucd for is \$4,924,000. The commutation money, five dollars per head, is regularly paid at the ports of embarkation in China by the passengers, either as a separate charge or passage money. The company claim that the requirement of giving bonds or paying commutation money is unconstitutional and a tax upon commerce and refuse to comply with the terms of the law. The vessels sucd are the New York, for \$710,000; Japan, for \$419,000; China, three saits, for \$950,000; Great Republic, \$792,000; and Colorado, \$815,000.
